

Winch type SB 307 GP10

Products

The standard build SB type winch provides the basis of the solution to many pulling and lifting winch applications. The winch is constructed in the conventional manner with motor, gearbox and drum in line. Capacities can go up to 70 tons of lifting capacity with this range. Although the name of this winch indicates differently, these winches are very suitable to suit your specific winch application. Many options can be offered on these highly versatile winches.
